

# Lockdown has come

I live on my own  
But I am not alone  
There's nothing to fear  
My best friend is near  
The one who listens  
When I talk  
The one who cheers  
My lonely walk  
The one who comforts  
When I sigh  
The one who snuggles  
When I cry  
Who else would match?  
Mt every move  
Who else would feed?  
On scraps of food  
Who else would prompt?  
This monologue  
Who else but you  
My loving dog
