

Lockdown Living

O is for the outdoors where we take our daily walk

R is for the refuse room where we mustn't stop and talk

C is for the corridors where our manager does her rounds

H is for the Homeowners lounge, it's strictly out of bounds

I is for the instructions that set out all the rules

D is for the dumbos who ignore them, the stupid selfish fools

Court is where you used to watch a tennis match for instance

Now its where you finish up if you don't keep your social distance

Put them all together and they spell out Orchid Court

The place where I feel safe, but I don't half miss my sport.
