

# Clap your hands

Clap your hands for our NHS  
on every doorstep in the nation  
Clap loud to show appreciation  
for their selfless work and dedication

Clap hands for those who clear our streets  
Without protection they collect and sweep  
Thanks for Mike and Ben and John  
Who take the risks and carry on

Clap hands for Supermarket workers  
every day they stay to serve us  
They guide us safely at a distances  
but ready and willing to give assistance.

Clap hand for families  
staying at home  
and those who isolate alone  
and those in towers way up high  
who look with envy on a sunny sky.

Clap hands for those who keep us safe  
who engage with public face to face  
For firemen, drivers, postmen too  
and farmers growing food for you.

Clap hands once more for Captain Tom  
a hero through and through  
30 million “bright light” steps  
as donations grew and grew.

Finally give one long loud clap  
For Britains at their bravest  
Cheerful, singing, hopeful, strong  
who fight this enemy till its gone.
