

COVID 19

Keep your distance between

It's COVID 19

The streets are empty - a desolate scene,

But don't forget

It's COVID 19

We're "locked in" - how very mean,

But it's all because,

It's COVID 19

We're not allowed in the park - although it's serene,

And you know why,

because of COVID 19

We have given the house a thorough Spring Clean,

'Cos we've stayed inside,

As it's COVID 19

All praise and thanks to the NHS,

To the doctors and nurses, Bob, Pat, and Jean,

Who helped hundreds of people to beat,

COVID 19

When will it end, you hear everyone ask,

I am sure Boris and his team are up to the task,

We can rely on them all, to remain very keen,

And to most definitely beat,

COVID 19
