

Our Way of Life

Note: **You** is Coronavirus. / **This** is Coronavirus' reply.

You came into our lives, Virus Corona

Uninvited

This was not of my choice

Honest, I would disappear if I could

You gave no early warning

So unfair

This I did

Spreading infections was my way of warning you

You sowed havoc here

There, everywhere

This was unintentional

It is just the way that virus' work

You know we will Fight to Win

We value **Our Way of Life**

This I now know

My Way of Life will soon end; fare-thee-well

I. Qayyum
